WHO WE ARE

A Welsh family business

FAMILY BUSINESS · COMMERCIAL GRADE QUALITY · UK AND IRELAND INSTALLATION

A Welsh family business with woodworking in our blood, building bespoke outdoor saunas since day one. Every sauna is made to order, delivered and installed across the UK and Ireland.

MADE TO ORDER

Every sauna is made to order. Choose your length, diameter and layout.

BUILT TO LAST

Thermowood is heat treated timber that resists moisture, warping and decay.

BASED IN WALES

Built in the same workshop as our saunas, same joinery, same attention to detail.

ALREADY RUNNING ON OUR SAUNAS

Real venues, real bookings

SAUNA SNUG AT FLYNN PARK · CO. DUBLIN

A family adventure park running since 1996 added barrel saunas with a spring fed lake dip. Public sessions for up to eight, private hire for one to eight, open seven days a week.

OTHER REAL LIFE EXAMPLES

ESCAPE TO THE SAUNA · CORNWALL

3.5m trailer sauna, wood burner, half moon window, by the water.

SURF SOUTH WEST · DEVON

5m trailer sauna, panoramic window, solar lighting. Beaches, events and retreats.

HOT2COLD · CARDIFF

4m trailer sauna with globe window and changing room. Early swims and festivals.

SEA COAST SAUNAS · ANGLESEY

Sauna and hot tub on the shoreline, built for life by the sea.

WHAT TO PUT ON YOUR SITE

Everything guests book

BARREL SAUNA

Fixed on a base or decking. Built on site by our team.

MOBILE SAUNA

Move it, hire it out, take it to events. Our own Welsh built trailers.

HOT TUBS

Pairs with the sauna for a hot and cold session. Wood fired or electric.

ICE BATHS

Cold to go with the hot. A single plunge or the Double Dipper for two.

DOUBLE DIPPER

Sauna and plunge on one deck. Hot and cold in one bookable session.

BARREL SHOWERS

Rinse off between hot and cold. Easy to keep clean.

SHEPHERD'S HUTS

Extra bookable stays, built in the same workshop.

GLAMPING PODS

Often need no planning permission.

GRILL CABINS

Covered seating and a fire in the middle. Open all year.

WHY IT WORKS

A sauna that works for a site

TRAILER SAUNA

01 **Any weather, any season**

Guests book a sauna in the rain as readily as the sun. It fills the quiet months.

02 **Wood or electric**

Wood fired for off grid corners, electric where you have power. Your choice.

03 **Start mobile, then build**

A trailer sauna tests the spot. When it works, we build the fixed one.

Finance available. Ask us on the call.

Showspace in Caerphilly. Come and sit in one first.

Owner's manual, aftercare guide and warranty with every build.

50 trees with every order

In partnership with **Green Spark**, every sauna, tub and hut we build plants fifty trees.

Handcrafted in Wales

Thermowood is heat treated timber that resists moisture, warping and decay, made for a life outside all year round. Bound in stainless steel and built in our Caerphilly workshop.
